Manny Bray--Mahinc

braymahinc@gmail.com · manny-bm.me · linkedin.com/in/manny-bray-mahinc · github.com/Man-epit

Third-year student in Epitech's Grande École Program, seeking a **4-month technical internship starting April 2027**. Fully mobile, in France or abroad. Projects, hackathons and skills detailed at manny-bm.me.

EDUCATION

Epitech — Grande École Program, IT Expert track (5-year Master's-level degree) 2024 – 2029

- Project-based 5-year curriculum; completed 30+ team and individual projects.
- Ranked 1st on campus for the Corewar (2025) and Zappy (2026) end-of-year projects; hackathons: 1st place Mace × Epitech (2026), 2nd place Free × Epitech and Crealise.

IONIS-STM — Teaching & Coaching program, level TC2 (in progress) 2026 – 2027

- Certification program for IONIS Group teaching assistants: coaching, leadership, active learning methods and public speaking.

Université de La Réunion — Double Bachelor's in Math & Computer Science (Year 1) 09/2023 – 05/2024

French Baccalaureate (Général) — independent candidate 2023

EXPERIENCE

Teaching Assistant — Epitech, Saint-André · *6-month internship, then part-time (2 days/week)* 02/2026 – Present

- Mentor 100+ students on their programming projects, adapting my explanations to each student's level and learning style.
- Encourage and re-engage struggling students; strengthening my public speaking and teaching skills.

President, Student Union (BDE) — Epitech, Saint-André · *two consecutive terms* 2025 – Present

- Lead a team of 20+ members and manage the association's budget.
- First term: restructured the association (new bank, staff renewal, 5 divisions: communications, treasury, development, logistics, events).
- Second term: organized 20+ events this year, a record; built partnerships with local businesses and suppliers; grew the union's online presence and developed internal management tools.

Data Analyst & Automation Tool Developer — EDF, Saint-Leu · *internship* 07/2025 – 12/2025

- Cut team-assignment time during cyclone crises from 2–4 hours to 15–30 minutes by designing and building an internal dispatch tool (Svelte, Supabase).
- Conducted an exploratory data analysis (EDA) of operational and financial data; documented findings and data-collection improvements in a written report.

Head Waiter & Bartender — Seaview & Villa Vanille · *fixed-term contracts and extra shifts* 2022 – 2024

- Rose from dishwasher to running a section with no prior experience, while studying (weekends and holidays): stress management, teamwork and customer service.

Warehouse Assistant — Gaïa Groupe · *internship, then two fixed-term contracts* 2019 – 2021

- First job at 15: internship turned into two fixed-term contracts during school holidays (logistics).

SKILLS

Languages: C, C++, Python, Rust, Haskell, JavaScript, SQL
Systems & Embedded: Linux/Unix, NVIDIA Jetson Nano, UART/termios, POSIX sockets (TCP), pthreads, systemd, OpenGL, computer vision
Data & AI: pandas, scikit-learn, PyTorch, TensorFlow/Keras, Gymnasium, LLMs (Gemini, Ollama), exploratory data analysis
Web & Back-end: Svelte, FastAPI, Node.js/Express, Supabase, PostgreSQL, Redis
DevOps & Tools: Git, Docker/Docker Compose, Ansible, CI/CD (GitHub Actions, Jenkins), n8n, Bash
Concepts: object-oriented programming, concurrent and network programming, software architecture, unit testing

LEADERSHIP & ACTIVITIES

Corporate Ambassador Lead — Epitech 2026 – Present

- Assist Epitech's corporate relations lead and represent the school and its students locally, with some 20 partner companies.

LANGUAGES & INTERESTS

French: native | **English:** fluent (900/990, TEPitech)
Amateur radio: self-studying for the ANFR operator certificate — electronics, signal transmission and radio regulations.
